Art Unit: 1734

1. The following is an examiner's statement of reasons for allowance:

Although the Schiefer patent (U.S. 2,916,079) for instance discloses a tape application device with pivotally mounted first and second opposed engaging portions 71 and 72 in addition to a pressing portion, the prior art does not teach or suggest, in combination with applicant's other claim elements, applicant's tape application device having applicant's particular holding block/sliding block combination for the first of two engaging portions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to James J. Engel whose telephone number is (703) 308-1894.
